Monday 16th March 2020

Dear parents,

Confirmation of COVID-19 closure and planned re-opening of Attenborough School

As directed by our host nation, as a preventative measure against COVID-19, we will now remain closed until after the Easter holidays. The planned first day of the summer term is set for all year groups and the nursery as **Tuesday 21st April from 0830hrs.**

Any questions relating to learning provision during the period of closure up to **Friday 3rd April** should be directed to your child's class teacher. Class teachers can be contacted during school hours via the means of communication outlined in class provision letter. Should there be any further issues, the following two mobile telephones are also available and will be operational on school days between 0900-1500hrs.

Mobile numbers: 0172 208 8192 / 0172 218 4950

For families and children who are scheduled to leave us prior to Tuesday 21st April. All educational documents required to register and support learning at your new school can be collected from the school office on Wednesday 1st April between 0900-1100hrs. We would like to wish all of our posted families the very best of luck in their next adventure.

During this very difficult time, as a school community we encourage all to take care and look after their loved ones. We will continue to communicate with you during our period of closure and based on current guidance we are very much looking forward to seeing you all again on Tuesday 21st April from 0830hrs.

Yours sincerely,

Mr Andrew Chapman
Headteacher
