Tuesday 2nd June 2020

Dear parents and pupils,

In light of the recent announcement, we are delighted to be returning to school on Friday 5th June 2020.

The amount of effort and hard work that has been displayed over the previous weeks has been truly fantastic and it is a credit to each and every one of you. There has been so many brilliant pieces of virtual learning, but we are pleased to say a return to the classroom has finally arrived.

However, that being said, the return to school will not be exactly how we all know and love it. Our number one priority is to maintain your safety, so there have been some strategies put in place to ensure you all meet the expectations for social distancing and maintain personal hygiene levels to avoid the spread of any germs.

So, what can you expect on your return to Attenborough School?

Arriving in school

You will arrive to school by car through the main gate. You will be greeted by Mr Chapman at the school's main entrance and be expected to use hand sanitiser before entering the school building. Everyone who enters the school building must be wearing or will be provided with a face and nose covering. You will then keep your social distance from others and walk directly to your year group classrooms.

Working areas

Shared areas such as cloakrooms, ICT suite and the school hall will not be in use. However, key working areas have been organised to meet the social distancing standards. Each classroom has been arranged to provide every individual with their own safe working space and room for their personal belongings and resources each day.

Classroom air circulation

All teachers have been instructed to open the windows and doors to their classrooms for the entire day to improve air circulation. Statistics state that good air circulation or outdoor learning, can reduce the spread of germs.

We would advise that individuals wear appropriate school uniform and bring additional jumpers, tights or trousers to ensure you stay warm throughout the school day, should the weather be cooler as all windows and doors in classrooms will remain open throughout the school day. When possible, we will partake in outdoor learning.

School Day

Our school day will also look a little different to what you might usually expect.

To reduce the risk of accidental contact, we have reduced break and lunch times and created safe social distancing areas for year groups to sit and eat their snacks/ packed lunch. Due to this shorter period of 'free time', the school day will also be shorter than before.

Packed Lunch and Snacks

We ask that you bring a snack and packed lunch each day. As part of the phase opening, we would like to avoid large gathering or shared use of central areas. Therefore, the hall and kitchen will not be in use during the first part of our return. As the weather gets warmer, it is advised that you also have an ice pack in your lunch box.

School timings below for our year group

Each year group has been given a slightly different timetable. This will allow us to stagger arrival and departure times. It also enables us to ensure social distancing measures are kept to at all times. In addition to this, the school day and week will be shorter than usual. Please see the timetable on the letter from Mr Chapman that your parents will have.

Home/ Remote Learning for our year group

As stated on the timetable above, our working week will be slightly shorter and will still include a day at home. Therefore, we intend to set a home learning activities that can be completed during these days.

Going home

At the end of the day, you will be instructed to clear your individual workstation in your classroom (apart from the provided stationary) and also take all of your belongings with you. On exiting your classroom via the fire exit doors, your teacher will expect you to apply hand sanitiser prior to walking to Mr Chapman, who will ensure you meet your parent safely.

Looking forward to your return.

Yours Sincerely,

Mr. Wallace, Mrs Kopp, Mrs Goddard and Mrs Lindsay
