**Attenborough Bulletin**

**Friday 17<sup>th</sup> December 2021**

**Update from Mr Chapman**

It was such a shame to end our term with the return to remote learning provision due to COVID outbreaks across our class cohorts. However, I really hope that this decision prevents further transmission and allows all families the time to enjoy Christmas where they had planned to be. I reminded colleagues only at the end of last week, what a successful 'uninterrupted' term of learning we enjoyed between 2<sup>nd</sup> September and 8<sup>th</sup> December. The children have all worked extremely hard throughout this time, making pleasing progress and continuing to develop their WE CARE beliefs, values and approach to life and learning. I'm incredibly proud of; all our learners who have achieved remarkable personal and team success; colleagues in school who continue to demonstrate admirable levels of commitment and determination to support every child to succeed; and finally, I would like to thank you and our wider community for your continued support and again in more recent days, your engagement with remote learning. We remain hopeful of a return to school as planned in January 2022 and further updates dependent on host nation announcements will be communicated in due course prior to any return. I would like to conclude by wishing everyone a wonderful Christmas and a Happy New Year in the coming weeks.
