September Achievement Bulletin

Monday 10th October 2022

Update from Mr Chapman

I'd like to start by thanking all parents for their support in helping us to achieve a successful start to the new school year. Both returning, and new learners have settled well into our WE CARE culture, showing effective learning skills and positive character traits. Achievement Assemblies have been busy with many creditable successes and as the school year progresses, I'm confident that such success will continue for all!

In our Monday values assemblies, we have been focusing our thinking on how we can achieve our aim of **creating tomorrow's successful global citizens**. Our WE CARE learning skills, incredible character traits, Global Citizenship curriculum and school values form the foundations of our work in school, in addition to our focus on essential core skills to achieve. In the coming months, we'll be working hard to assess the impact of our systems, schemes of learning and character-based approach- refining these as required. We'll also be updating our school website to reflect the most up-to-date information outlining our curriculum approach (including schemes of learning for your on-going reference).

Strengthening our home-school links: Extensive research places great importance on the continued collaboration between home and school for ongoing success in learning. We have reviewed our approach to Maths home learning this half-term in the attempt to further improve our Maths offer for Years 1-6 learners. This includes incorporating 'Maths No Problem' resources and online access for parents with answers and explanations of approaches; also, Year 6 will be using the Pobble Platform to explore written task completion at home. Class, phonics and reading parental workshops/briefings have, or will be, available to provide information into our chosen approaches. Our website will also include videos outlining key processes for learning in school.

I'd like to conclude my first update by welcoming our new starters. All, as mentioned at the beginning of this update, have impressed and made a super start to their learning journeys with us...A warm welcome to Theo Duffy, Arabella O'Donnell, William Rossiter, Sebastian Engelbrecht, Elsie Thompson, Heidi Rossiter and

Tree of thanks and kindness.

Our Year 6s have been embedding our WE CARE culture by recognising and celebrating acts of kindness in leaves of thanks. These are placed on our tree of thanks and kindness. Below are the leaves of thanks added to the tree in September.

"William Y4- because when he came to join Attenborough, I saw him playing with the other children and I was way to shy when I joined. So, I was really impressed"

"Eddie Y4- For being helpful and joyful to his peers and never fails to bring a smile to everyone's face"

"Heidi Y3- she's been helping the environment by helping to build a bug hotel"

"Emily Y5- because whenever I see her in the chicken and duck pen, she makes it a safe place for everyone and the birds"

"Iris Y2- because she has been very gentle and kind in the chicken pen and respected our school chickens and ducks"

"Dylan Y2- because he has tried really hard in wake-up, shake-up and has had fun with his peers"
