Feedback from DCS Core Standards and Assurance Visits: February/March 2023

Following a series of extended visits involving interviews, lesson visits and scrutiny of pupil outcomes, the following statements have been approved for communication by DCS senior leadership regarding the effectiveness of Attenborough School.

“Attenborough School provides high-quality education and care for the children. The skilled leadership, teachers and support staff have created a positive vision, ethos and curriculum which ensures the children make good progress from their relative starting points. The small class sizes, innovative and inclusive practices inspire and empower the children to thrive in their learning and their personal development.”

“It was clearly evident, throughout all discussions, that the DCS vision of Educate the Child – Support the Parents – Defend the Nation is being truly realised at Attenborough Primary School, in tandem with the school’s own vision and values.”
